Gentlemen:

This letter is to request a written confirmation from your office regarding the filing of a proper Notice of Intention to Commence Mining Operations including the Reclamation Plan and posting of the bond as required by the present Utah Mining Law with regards to the Delta Uranium Mine located in Emery County, Utah, which is presently being operated by Lloyd Meham and/or Utah West Mining and Development Company.

I understand that personnel from your office have recently visited the mine and held discussions with Mr. Meham regarding the Reclamation Plan and the mining operation in general. Our company would like to receive confirmation from your office that mining operations have been commenced and were being carried on by the operator prior to the filing of the completed Notice of Intention to Commence Mining Operations, approval of same by your office and posting of the surety as required by the mining law.

Very truly yours,

CENTRAL OIL & MINING CORPORATION
